BY TEXTRON AVIATION

READY TO TAKE MORE, FARTHER

You're ready for more speed, more range and more comfort — serious jet performance. The CESSNA CITATION M2 aircraft is ready for you. We designed it to give you exactly what you asked for in a single-pilot light jet. Equipped with proven Williams International turboprops, the *Citation M2* aircraft delivers fast, efficient trips with exceptional range. The interior is finished with category-leading craftsmanship and the latest cabin technology. A GARMIN G3000 flight deck provides an ideal single-pilot flying experience.

KEEP YOUR EYES ON THE MISSION

Featuring user-friendly touch screens, the *Garmin G3000* avionics offer intuitive control. The Synthetic Vision Technology (SVT) display provides a clear, concise picture of your flying environment. Designed with the single pilot in mind, the ergonomic flight deck makes every control available at a glance, increasing your efficiency and reducing your workload.

PILOTING AT A TOUCH

The GTC 570, a glass touch-screen controller, is the primary connection for the *Garmin G3000* system. This icon-driven system enables easier flight plan storage and access to diagnostics and weather management systems. Functions are easy to locate, allowing you more time heads-up and looking forward.

TRAVEL IN STYLE AND COMFORT

The *Citation M2* aircraft interior is equally elegant and comfortable. Eight large windows emphasize the spaciousness of the cabin. The interior layout provides seating for up to six passengers, who can work and relax while staying connected with optional high-speed internet and phone.

CONNECTIVITY AND CONTROL

The cabin management system provides intelligent cabin control on your personal device. Stay entertained during flight with streaming audio and video. The moving map will keep you updated on your travel progress.
