

BARON G58

Beechcraft
TEXTRON AVIATION

START YOUR ENGINES

Functionality just met nobility. The BEECHCRAFT BARON G58 aircraft — secure, powerful and sophisticated. Nothing can hold you back in business or life when the *Baron* piston is on your side. With twin-engine redundancy, comfort for six, large aft cargo doors for mission flexibility and confident dispatch, this real-world performer is the ultimate personal aircraft and business tool you've been waiting for.

Maximum Range
1,480 nm

Maximum Cruise Speed
202 ktas

Maximum Occupants
6

Useful Load
1,559 lb

Takeoff Ground Roll
1,373 ft

HIGH PERFORMANCE FROM EVERY ANGLE

LED LIGHTING

LED lighting provides better visibility, less drag and reduced maintenance.

FIKI CERTIFIED

Certified for flight into known icing for added mission flexibility.

LARGE AFT LOADING DOORS

Reconfigurable seats and large loading doors allow effortless loading of passengers and cargo.

AUTOMATIC CLIMATE CONTROL

Set-and-forget environmental control keeps your cabin and cockpit comfortable for the duration of each mission.

NEXT-GENERATION AVIONICS

GARMIN G1000 NXi avionics provide a brand-new cockpit interface with enhanced graphics, faster hardware, new features and optional wireless connectivity.

INCREASED AUTOMATION AND MORE PROTECTION FEATURES

Standard *Garmin* GFC 700 digital autopilot with electronic stability and protection (ESP) and underspeed protection (USP).

SEATING FOR SIX

Configured to your specifications, ergonomic club seating comfortably fits six passengers.

RUGGED LANDING GEAR

Heavy-duty landing gear and large low-pressure tires allow for landing on semi-prepared landing surfaces.

FORWARD BAGGAGE

Optimize space and safely stow all your equipment with a cargo capacity of over 300 pounds in the nose alone for easy weight and balance.

TWIN-ENGINE REDUNDANCY

Powerful twin CONTINENTAL engines provide peace of mind and allow you to climb at 1,700 feet per minute and cruise at more than 200 knots.

EXCEPTIONAL HANDLING

A flying pedigree and control harmony that all Baron aircraft are famous for.

ONBOARD WEATHER RADAR

Know what conditions lie ahead with Garmin GWX 75 digital color weather radar, featuring optional automatic turbulence detection and ground clutter suppression.

SELECT YOUR STYLE FROM THREE OPTIONAL LEATHER SEATING COLOR SCHEMES

Black

Amherst Gray

Oat Beige

COMFORT AND PRODUCTIVITY

With club seating and ample elbow room, the *Baron G58* aircraft offers a spacious and comfortable ride for you and five of your closest friends and colleagues. The cabin has many amenities like optional leather seats, headset jacks, reading lights and climate-controlled individual air vents. The *Baron G58* piston allows you to bring the comforts of the conference room to the sky.

Optional equipment shown.

COMMAND THE NEXT GENERATION

The *Baron G58* aircraft is powered by the latest technology in integrated cockpits, the *Garmin G1000 NXi* avionics. Managing the flight deck has never been easier with an improved graphical interface, more powerful hardware, higher-resolution displays, added functionality to improve situational awareness and optional wireless technology.

G1000 NXi

NEW FEATURES AND OPTIONS

- + Standard ADS-B Out and In
- + Standard wireless database and flight plan loading
- + Integrated VFR sectional charts
- + IFR high and low charts with night mode
- + Enhanced HSI features
- + Digital audio panel with Bluetooth
- + Vertical situation display
- + Selectable visual approaches
- + Optional SurfaceWatch for greater situational awareness
- + Enhanced graphics and faster processing
- + Improved joystick with smoother panning
- + Simplified maintenance

SIMPLICITY AND PROTECTION

GARMIN ELECTRONIC STABILITY AND PROTECTION (ESP) AND UNDERSPEED PROTECTION (USP)

The *Garmin GFC 700* autopilot features ESP and USP, providing pilots with an added measure of protection and correction. When a pilot exceeds user-selected pitch, roll or airspeed limitations, *Garmin ESP* and *USP* provide gentle movements on the flight controls to adjust the aircraft's pitch attitude or bank angle, adding a wide range of flight regimes.

NEW SATELLITE CONNECTIVITY

The new *Garmin CONNEXT* Iridium satellite option allows fully integrated weather, satellite phone and text messaging during your flight. Its automatic position reporting feature also enables friends and family to track you during your flight. A *Garmin Connex*t subscription is required.

VFR Sectionals

IFR High and Low Charts

Vertical Situation Display

COM Frequency Decoding

PROMINENT UTILITY

The *Baron* G58 aircraft features everything to make your travels work for you, including removable passenger seats for extra cargo capacity and a roomy nose baggage compartment. Weight and balance distribution is as easy as tossing a bag in the back or front, while large aft cargo doors allow for effortless loading and unloading.

BARON G58 ISR

INTELLIGENCE. SURVEILLANCE. RECONNAISSANCE.

With dependable dispatch, high dash speeds and long loiter times, the *Baron* G58 ISR aircraft is counted on by law enforcement agencies to perform critical surveillance missions.

EXTERIOR DESIGN SELECTION

Customize your *Baron G58* aircraft from a wide variety of paint schemes and color options to match your own unique style.

TWIN-ENGINE PEACE OF MIND

Twin engines bring added dependability when it comes to this modern-day multitasker. Enjoy the peace of mind of engine and systems redundancy. Fly with confidence over varied terrain and water, day or night and around more weather.

SPECIFICATIONS

PERFORMANCE

Takeoff Ground Roll	1,373 ft	418 m
Max Climb Rate	1,700 fpm	518 mpm
Service Ceiling	20,688 ft	6,306 m
Max Cruise Speed	202 ktas	374 km/h
Max Range	1,480 nm	2,741 km

POWERPLANTS

Manufacturer	Continental Motors	
Model	IO-550-C	
Output (Each)	300 hp	

WEIGHTS

Max Takeoff Weight	5,500 lb	2,495 kg
Empty Weight	3,965 lb	1,789 kg
Useful Load	1,559 lb	707 kg

INTERIOR

Cabin Height	50 in	1.27 m
Cabin Width	42 in	1.07 m
Cabin Length	12 ft 7 in	3.84 m
Baggage Capacity	420 lb	190 kg
Max Occupants	6	

Performance data is based on standard conditions with zero wind. Field performance assumes a level, hard-surface, dry runway. Range is based on a ferry mission with one pilot (170 pounds) at LRC with 45 minutes of reserve.

WE WORK TO KEEP YOUR WORLD MOVING

Maintaining a global fleet requires worldwide coordination and universal access to support. With you as our focus, we are fully committed to servicing your *Baron G58* aircraft with general aviation's largest global support network. You can count on Textron Aviation to provide superior parts availability, competitive pricing and a robust distribution system. The quality support you receive is always efficient, factory-direct and available for you 24 hours a day.

HIGHLIGHTS FROM OUR SERVICE NETWORK

- Textron Aviation has a global Authorized Service Facility (ASF) network, uniquely qualified to service your piston aircraft.
- Field service representatives are equipped with extensive technical manuals and detailed vendor documentation to answer your questions.
- With an inventory of over 19 million parts, Textron Aviation has the technical support to cover your aircraft from nose to tail.
- 96% same-day fill rate on all in-stock part orders.

You can count on the industry experts to be there for the life of your aircraft.
